

PRODUCT DESCRIPTION:

FLEET WASH is designed to clean the inside and outside of over the road tractors, trailers and other type commercial vehicles. It will clean and brighten aluminum surfaces as well as painted surfaces without damage when used as directed. This product will remove carbon stack stain and magnetic road film from trailers without brushing. It is designed for heavy duty cleaning such as drive through truck washes. **FLEET WASH** will work in cold water as well as hot water, and rinse free at any temperature.

DIRECTIONS:

For use in hot pressure washers, apply to the surface at the rate of 1 part cleaner to 100 parts water. For use in cold pressure washers and cold water drive through truck wash systems use at the rate of 1 part cleaner to 50 parts water. When cleaning with pressure washers, always apply cleaning solutions from the bottom up on a dry surface. Always detail clean from the bottom up and rinse from the top down. **DO NOT USE ON POLISHED OR ANODIZED ALUMINUM. DO NOT USE ON ANY ALUMINUM OR PAINTED SURFACES AT CONCENTRATIONS OF LESS THAN 1:40. DO NOT ALLOW TO DRY ON SURFACES. ALWAYS RINSE THOROUGHLY.**
